

Imagine if all 3.8 million Pennsylvania Catholics stood together for life, justice & the common good.

Join us. Be heard.

In the Catholic tradition, responsible citizenship is a virtue, and participation in political life is a moral obligation rooted in our baptismal commitment to follow Jesus Christ and to bear Christian witness in all we do.

The Bishops of Pennsylvania formed the **Pennsylvania Catholic Conference Institute for Public Policy** in order to increase the reach and efficiency of Catholic advocacy in Pennsylvania. This statewide effort will help citizens become better informed about the Catholic perspective on public policy issues and associate with those of a like mind.

The Institute brings together experts on Catholic issues to shed the light of Catholic social teaching into the public debate. Lay Catholics, clergy, religious and all interested citizens are encouraged to become active in this collaborative effort at www.pacatholic.org. Access to the website, with seven categories encompassing the core of Catholic social and moral teachings, is available to all. You are encouraged to explore these topics and join the community in advocating and advancing a public understanding of the Catholic perspective.

Learn more at the **Pennsylvania Catholic Conference Institute for Public Policy**. Add your voice to the **Pennsylvania Catholic Advocacy Network**. With your help, we can change the course of public debate on issues at the core of Catholic social and moral teachings.
